

Exit Interview Presentation

Today, you will begin the process of putting the finishing touch on your 8th grade year. This project will allow you to reflect on your entire middle school experience, and give you an opportunity to express concerns and set goals for next year. It will be done either as a Power Point, iMovie or a Podcast. Use the following outline to help guide you through your presentation. Keep in mind the importance of this project (200 pts.) and have fun with it.

You must complete the attached worksheets before you begin working on a computer. These will help you plan and organize your project.

Introduction page: Include title, your name, and attention-grabbing graphics.

Academic pages: You should have 2-3 pages for each academic core class that you've taken this year (language arts, math, science, social studies). These pages should include:

- At least two things you've learned in class this year.
- Why these things are good to know.
- Any special memories or accomplishments (ex. Map scores)
- Differing styles and fonts (have fun with your graphics).
- Possibly: add pictures from the classes or of your teachers.
- If you have kept work throughout the year, present it as you go.

Exploratory pages: These classes should include 1-2 slides in which you present the following:

- What you learned in each exploratory.
- Any special memories or accomplishments.
- Differing styles and fonts (have fun with your graphics).
- Possibly: add pictures from the classes or of your teachers.
- If you have kept work throughout the year, present it as you go.

Extracurricular pages: These will include descriptive pages of any sports, clubs, or other school related activities that you took part in.

Closing page(s): This should include your personal feelings of the year and a few expectations for next year. At this point you should let those you're presenting to read your exit letter (or, for better effect, you should read it to them).

Suggestions: Make it colorful, use different fonts, use sound effects, incorporate music, use pictures, use different layouts, and most importantly, have fun.

Scoring rubric:

Planning packet (50 pts.): Did you complete the packet? Did you use complete sentences and paragraphing when asked? Are you ready to work on a computer based on the effort you put forth during planning?

My Score:_____

Content (50 pts.): Did you write about two things you've learned in EVERY class and how those things are good to know? Did you mention any special memories or accomplishments?

My Score:_____

Grammar (25 pts.): This project will serve as your final grammar test as well. Is everything spelled correctly and proper grammar used on every slide? Make sure to use spell and grammar check before you submit your final copy.

My Score:_____

Effort and Creativity (25 pts.): Did you use different fonts and styles throughout your presentation? Is it colorful and attention grabbing? Did you include pictures? Sound effects? Were you on task during class? Was your effort evident in the finished product?

My Score:_____

Exit letter (50 pts.): The specifications for this part of the exit process are detailed on the final page of this packet. This must be done before beginning your presentation as well!!

My Score:_____

Sample outline for your rough draft: make sure to put your rough draft into complete sentences; exactly like it will appear in your final copy. You may not start on a computer until the draft is complete and correct.

A. Introduction page(s):

Title: _____

Name: _____

B. Academic pages:

1. Science:

One important thing I learned in science class
is _____

This is important to know
because _____

Another important thing I learned in science class
is _____

This is important to know
because _____

Special memories or accomplishments:

Possible pictures to include (remember to include the entire url if the image was taken from an Internet source):

2. Language Arts:

One important thing I learned in language arts class is _____

This is important to know because _____

Another important thing I learned in language arts class is _____

This is important to know because _____

Special memories or accomplishments:

Possible pictures to include (remember to include the entire url if the image was taken from an Internet source):

3. Math:

**One important thing I learned in math class
is** _____

**This is important to know
because** _____

**Another important thing I learned in math class
is** _____

**This is important to know
because** _____

Special memories or accomplishments:

**Possible pictures to include (remember to include the
entire url if the image was taken from an Internet
source):**

4. Social Studies:

One important thing I learned in social studies class is _____

This is important to know because _____

Another important thing I learned in social studies class is _____

This is important to know because _____

Special memories or accomplishments:

Possible pictures to include (remember to include the entire url if the image was taken from an Internet source):

C. Exploratory Pages:

Exploratory 1: _____

One thing I learned in this class

is _____
_____°

This is important to know

because _____

_____°

Special memories or accomplishments:

Possible pictures to include (remember to include the entire url if the image was taken from an Internet source):

Exploratory 2: _____

One thing I learned in this class

is _____
_____°

This is important to know

because _____

_____°

Special memories or accomplishments:

Possible pictures to include (remember to include the entire url if the image was taken from an Internet source):

Exploratory 3:_____

**One thing I learned in this class
is**_____

**This is important to know
because**_____

Special memories or accomplishments:

**Possible pictures to include (remember to include the
entire url if the image was taken from an Internet
source):**

Exploratory 4:_____

**One thing I learned in this class
is**_____

**This is important to know
because**_____

Special memories or accomplishments:

**Possible pictures to include (remember to include the
entire url if the image was taken from an Internet
source):**

D. Extracurricular pages:

1. Sports I have been involved with:

2. Clubs I have been involved with:

**3. Pictures I would like to include in my presentation:
(Remember to keep them appropriate!!😊)**

4. Anything else that you want to include in your presentation?

E. Closing pages:

Fears for next year (1 paragraph):

Goals for next year (1 paragraph):
